CITIZENS LIBERTY LEAGUE APPROVED BY THE PARTY LEADERS IN CONFERENCE

Major Says: "You Are Entitled To All You Have Asked For. You Are Going To Get The Recognition Because They Cannot Keep It From You."

COMPLAINTS SUBMITTED ONLY JUST

Right Of Representation In Party Councils Is Conceded. Race Is Entitled To Juries, Uniform Police, Firemen, Firemen and Officials In Precinct Polling Places.

The conference of members of the Citizens Liberty League, members of the Republican City Committees and state officials, and leading politicians was held at the headquarters of the Republican City Committee in the Old Guard Hotel, St. Louis, Saturday night, January 31. The meeting was called to order by Major Kline, who acted as chairman in the place of Chairman John Schlesinger, who was ill and unable to attend. After a few brief remarks by President Lloyd of the St. Louis City Council, Major Kline was asked for his report, which he said he had not absolutely agreed with.

President Attorney Howard Phillips, who was present, spoke briefly and very glad to attend the conference. "It is only just and right for Negroes to have representation in the City Council," he said. "Our colored police officers and said colored politicians are Americans, tireless workers and must bear their share of the grave dangers."

Committee Chairman Robert Moore, who presided over the colored judges and clerks on the election administration, said that he had refused to name officials for certain positions because he did not know what would be expected of them. He said he had refused to appoint colored Ward Clerk Kline's Chair.

At this point Major Kline turned the chair over to Col. Charles E. Sheldene, who had another appointment, but before leaving said, "I know of any one who would be qualified to speak at this meeting. I would present these Republicans to you." The colored judges and clerks in high grade of the plain clothes special officers and said colored police officers are Americans, tireless workers and must bear their share of the grave dangers."

After a few more words from Mr. Phillips, who made a plan for making changes in negro political machinery, he stepped down and Major Kline took his place. He spoke to the committee which selected the candidates for whom we were expected to vote. "We have to have human rights, we could at that time voice any protest we might have for any honest man as a candidate, and every person has an opportunity to be heard, as far as a square deal for the Negro, to the average citizen. We also spoke to the average citizen that our party and its departments.

The speaker dramatically asked "Why are we not entitled to one-third representation in the convention that nominates the candidates for whom we will vote for?" There are 12,000 Negro voters in the state, there will possibly be 17,500, including women, by next November. "Yes, we have to have a place made provision for every other group, but ours, and we can't make room for any single group in the party."

"We are not asking you to pledge or promise anything; we do not want either you or us to make a correction of the conditions to which we think we are entitled."

"The question is: If we put up a candidate, say, as a right, in the Negro case, if we put up a candidate, we want to know if it is the policy of the Republican Party to see that he is elected and get your approval?" We simply ask you people to help us clean up fraud where it is rampant, and because it is rampant, we have to have a place made provision for it to be gone."

Mr. Phillips said, he did not hold any one individually responsible for the many cases of fraud and dishonesty.

"He cited several instances practiced by the judges and clerks who came to the polls the votes of the Negroes were not counted, and many persons were left off the rolls. In the negro places the votes would have been counted as cast."

"Step forward the fraud in the Negro case. If it is rampant, we want to know if it is in the Negro case. If it is in the Negro case, we can't help that. The question is: What do we do with it?"

Not After Job.

Attorney George L. Vaughn was the next speaker. He said, "We have been here to represent the colored people who are powerful, four everywhere. We are not asking for jobs or anything of that sort. We came to get an acknowledgment of our rights."

"We want honest elections in every place. Negroes live. There have not been honest in all the lead our country has taken. We want Negroes as partners; and the most important welfare of the race, in the case of the Negro, is to tell him he is not alone. We have found out how few feel. We are determined to change those conditions, and we are determined to do it through the aid of the Republican Party, but we are determined in change them."

"We had never represented in the party, and we cannot now. We want Negroes as partners; and the most important welfare of the race, in the case of the Negro, is to tell him he is not alone. We have found out how few feel. We are determined to change those conditions, and we are determined to do it through the aid of the Republican Party, but we are determined in change them."

J.N. McKELVEY DODGES THE CONFERENCE

Represented By Colored Janitor, Whom The Chairman Refuses To Recognize: City's Highest Officials Meet The Citizens Liberty League Executive Committee.

Ira N. McKelvey, Republican Committeeman of the Twenty-third Ward, and Col. Charles E. Sheldene, colored judge and clerk on the election administration, and others who had refused to name officials for certain positions, were present. Col. Sheldene spoke in high praise of the plain clothes special officers and said "Colored police officers are Americans, tireless workers and must bear their share of the grave dangers."

OLD GUARD GOES DOWN TO DEFEAT

The "Old Guard" known as Jim Crow, who had been known to be a bitter foe to Negroes, went to battle last week when it made a valiant attempt to reclaim the last pretensions of power it still had. The "Old Guard" presented to the Negroes a bill that would give them more rights than they have ever had before.

Another bill, the "Jim Crow" bill, was introduced by a fifty-fifth representation, the Negroes' promise to employees.

The "Citizens" League would like to have the bill passed, but the colored men in the colored wards, the first department of which he is the official head. It had been anticipated that since the colored men had been given a bill, he would be told the Missouri Negro Republican Club that he would have "the last laugh" on the colored community, organized by six months.

The Periscope

Public Opinion Cited By Associated Negro Press

Down With Pigs and Up With Tykes

One of the main demands of the Negroes is the ending of Race Discrimination, the ending of segregation, the amount of pigs used by both sides, in various descriptions, let us see what is at hand.

The great, serious national movements of common welfare held, are gradually helping to drive the stuff away, but helping to drive the stuff away, and drive the stuff away, and drive the stuff away.

Some of the chief amortization of pigs expressed by the whites is this:

1. "The Negro is not equal."
2. "The Negro is unequal equality."

3. "Do you want your daughter to marry a Negro?"
4. "The Negro must keep out of politics."

5. "The Negro must be segregated."
6. "The Negro is a pig for the un-sentimental critics."

Some of the chief amortization of pigs expressed by our group is this:

1. All white people are pigs.
2. "The Negro is a pig in the face."

3. "This is a hell of a country!"
4. "If I only had my way!"
5. "The South is rotten."

All thoughtful people must agree, that these expressions from both groups are foolish, and plain stupid, of pigs, and unthinking mind. That is not represent fact, nor the real sentiment of either group. They are harmful statements to his aims, and even more so, than the most thoughtful expressions. It is not the purpose at this time to discuss, pre or post, the statements adduced, to for they are being discussed regularly in the press.

It should be determined by all who are anxious to be fair and square, that these statements are not true, and that extreme, and senseless remarks, or bold to ideas or theories that like the pure steels, do not scratch, but make them bright.

The overwhelming trend of sentiment is for adjustment along sensible lines. Like married men, and like women, we are not necessarily a matter of adjustment, but it does not mean that hatred and racism, and potential racism are thus eliminated.

Let's play the game with our cards on the table, both groups of us, and not keep the ace up our sleeve; let's be frank and open about our butts, and our heads, and our attitudes, big differences. It is to the shame of our great country that we have ticked and pointed along until now, making faces, and pulling faces, and pulling each other and causing each other, but let's stop it, now, and get together.

NICHOLAS MURRAY BUTLER

Nicholas Murray Butler, a New York will present himself as the Republican's candidate for President. As an citizen who has made economic an political conditions an integral part of his life, he has been a leader in the cause of protection. Dr. Butler is an educator, and as President of Columbia University, New York City, has demonstrated the capacity of an educational degree.

So far as our particular group is concerned, it has always been known that Dr. Butler is a man of strong, strenuous advocate of equal and exact justice. He has convictions, and he always the courage to express them.

In a speech at Princeton, Dr. Butler boldly declared that the Republican party must meet its house in order on capital punishment, the death of the condemned before he can hope to maintain the lofty principles sacredly enunciated by his founders.

He deplored the manner in which the public has been led to believe that capital punishment is directly affecting us, and repudiated the deeds and methods of southern Democrats.

South's stand may have been up to the mark, but the people fear to face burning fames, but he has gone on record, indifferent to this, and in the light of the facts, we are compelled to say that the public has set a pace that all could follow, and is a greater American because of his dauntless courage.

MUSIC, SWEET MUSIC

Newspaper economic state that Lloyd George, Premier of England, had his first dance, in Paris recently, and that he was in the mood to keep it up if he has the time.

The orchestra was American Colored players, and they sent the ripples of joy up the avenue.

Colored musicians, in Paris, are as extent, that he forgot all about the Irish question.

When it comes to "singing," up with music, here has the world a choice offered. The world is just waking up to what we can do in this respect, and we are keeping up with it in our achievements. We are swaying our own continual with music of every description, and have done so for in these many years, and more recently in the last few years, to the eyes, and the grecinated rythm has a kick in all.

WHAT WE WANT

(San Francisco, Cal., Post-Post) The Negroes have always fought in America's wars. Negroes took the places of their fathers in the Civil War.

Negroes fought on both sides in the Civil War. Four Negro Regiments were the first to fight in the Spanish-American War.

Negroes have served here in the recent war. The first two American soldiers recruited by the Federal were Negroes.

New Negroes have a right to be represented in their deserts. They want universal suffrage before schools in the South. They want complete with a capital "T," equality in the South.

They want better labor conditions for labor, reform in their prisons, as equal wage scale for white men, the right to sit in juries, and more fair trials for Negroes. They do not want any more discrimination, segregation, or slavery in the South. By reaching anything above these points, they want to win.

And while men who render the Negro their best, admit that they have

fair claim on the granting of their demands. The people of the United States cannot consistently ask freedom and equality for Czechoslovakia for any other oppressed people until they give it to the 10,000,000 Negroes in America.

WANTA STAY HERE

(Brooklyn, N. Y., Eagle) No, the Negro wants to stay where he is, and will stay if he gets the same rights of a human being. Any equality, any equality, any equality he is school equality. Social equality he is willing to wait for. On voting equality he is not instant, but he wants to wait for it. He wants to wait for the Southern whites to make their masters and keep their cotton pickers. But that common sense is the most unconscious kind of sense is prevalent.

A HOWL FROM THE SOUTH

(High Point, N. C., Enterprise) They will try to remain Negroes, proposed to remain in the United States, under the protection of the United States, for the segregation of the Negro race. If the Negroes are to remain here, they will do it.

If the other section of the country would approach the Negro problem as we have in the South, there would be no place for the Negro to go. He would not be protected. There would be no place for him to live.

He knows his place in the economic life of the South, and he knows his place is assured him as long as he abides by the highest principle of citizenship.

NO MICHIGAN NEGRO SENATOR

(Detroit, Mich., News)

Was there ever a Negro senator from Michigan if no, when did he serve?

Answer—No, the only colored United States Senators have been Hiram R. Revels and Blanche K. Bruce, both of Mississippi. Joseph T. Ford of Georgia and David C. Bankhead, both of Alabama, were Negroes appointed to the Senate "pro tem." at Lansing, when he was for many years employed by the State Senate, and you possibly have reference to him.

THE NEGRO

(Edmund Lester Puryear in the Review of Books, Baltimore, Md., Sun)

There have been recent events indicating that this present problem may at any time again become acute. There are a score of useful books by white people, South and North, and by Negroes, which illustrate the situation, and they do not try to solve it.

Benjamin G. Brainerd's "Short History of the American Negro" (Macmillan, 1918), W. E. B. DuBois' "The Negro and the Negro Problem" (Doubleday 1908) and George E. Merritt's "The Negro and the Nation" (Holt 1908) should serve for historical background. For a general view, see "The Negro" (Negro Year Book Publishing Co.) is a reference book on Negro activities.

The admirable books by Southern Negroes, such as Neolas Page's "The Negro, the Southerner's Problem" (Herbert 1919) and Mrs. L. H. Hammett's "In Hell and Back Again" (1914), and "South African" (1914) view to Marjorie K. Evans' "Black and White in the Southern States" (Longmans 1915).

BRIGHTEN YOUR COMPLEXION

And Make Your Skin as Soft and Smooth as That of a Baby

What would you spend if you knew some beauty specialist could make your dark complexion many shades brighter, remove the blemishes and make your skin clear and smooth?

Money would be no object, for above all things you want to be attractive, to look your best. A clear, smooth skin and a radiant complexion are, therefore, of the greatest importance to you.

Long ago realizing the need of some preparation that would enable ambitious people to make themselves more attractive, skin specialists and chemists were put to work to perfect a compound that people could use at home to brighten their complexion.

After many tests and experiments, ex- tending over a period of years, the Black and White Beauty Treatment was offered the public by some prominent chemists of Black and White Ointment and Black and White Soap. The Ointment is mixed and applied just before time and washed off the skin. It is a simple and safe to use and just enough as the name, face creams and lotions.

Black and White Ointment alone will brighten your skin and remove pimples and roughness, but when Black and White Soap is used you get a better result as it is.

Black and White Soap is one of the best antiseptic toilet and beauty soaps made.

ONLY 85 OUT OF 6875 LAWYERS AGAINST THE FEDERAL LYNCH LAW

PHILADELPHIA, Jan. 28.—In voting on what was apparently an anti-lynching resolution, only 85 members of the American Bar Association have gone on record as opposing the principle that whatever force is necessary to maintain the supremacy of the law should be used, controlled and exercised by the Federal, State and municipal governments. This fact was brought out at a session of the Executive Committee of the association meeting in the Bellevue Stratford.

There was submitted to the members of the American Bar Association for a full vote the following resolution:

Whereas, the Constitution of the United States and that of the Commonwealth of Massachusetts require that the Federal Government by and to all the people and not by or for any particular class, group or interest, shall be the law;

Resolved, that the liberty of the people and the preservation of their institutions depend upon the control and exercise by the Federal, State and municipal governments of whatever force is necessary to maintain at all hazards the supremacy of the law and the rule of justice;

It is resolved, on the motion that while there were 6875 replies in favor of the resolution, there were only 85 against it. The names of the 85 dissenting members have not been made public.
